Smart Custom Battery Pack Features. The battery management controllers (BMCs) within a BMS system are designed to control many different aspects of the Smart battery pack configuration, allowing for the configuration of numerous features into the design aspect of the Smart custom battery pack. Smart custom battery packs include the following ...

DELTA Pro's Smart Extra Battery benefits from all the charging methods DELTA Pro has, including 6500W MultiCharge. That means you can charge anytime, anywhere as long as your extra battery is connected to DELTA Pro. Once connected, they'll charge/discharge in unison, keeping the battery percent level across both units.
