

During his Budget Address 2020 Thursday, Prime Minister, Dr. the Honourable Timothy Harris, said the government of St. Kitts and Nevis, in collaboration with The St. Kitts Electricity Company Limited (SKELEC), will facilitate the construction of the largest solar generation and energy storage project in the Caribbean after signing an agreement with ...

Basseterre, St. Kitts - The Federation of St. Kitts and Nevis is taking bold steps at the 28th United Nations Climate Change Conference of the Parties (COP28) by sharing with the rest of the world its vision of becoming a sustainable island state. The Federation is also inviting other countries and organizations to partner with it towards achieving this goal.

BASSETERRE, SAINT KITTS, November 29, 2023 (Press Secretary): The Government of Saint Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have executed an Amended Power Purchase Agreement (PPA) with project developer SOLEC Power Ltd for the largest solar PV and battery energy storage project in the Caribbean.

Amsterdam-based sustainable energy company MPC Energy Solutions NV (FRA:5IX) said that it will invest as a minority partner in a solar-plus-storage plant project developed by Swiss battery maker Leclanche SA (SWX:LECN) in the Caribbean nation of Saint Kitts and Nevis.

The largest solar generation plus energy storage project ever to be built in the Caribbean has been announced by the government of St Kitts and Nevis, the state-owned St Kitts Electric Company (SKELEC) and Swiss energy storage firm Leclanche.

BESS in paradise: original 2020 groundbreaking for Leclanche's since-delayed solar-plus-storage project, which appears to be back on track. Image: Leclanche. Grid-scale battery storage will be added to island grids in the Caribbean by technology providers Honeywell in the US Virgin Islands and Leclanche; in St Kitts & Nevis.

BASSETERRE, Saint Kitts and Nevis and YVERDON-LES-BAINS, Switzerland, Dec. 10, 2020 /PRNewswire/ -- The Government of St. Kitts and Nevis, the state-owned St. Kitts Electric Company (SKELEC) and ...

Leclanche, Solrid, and MPC Energy Solutions began construction on a solar-plus-storage project in St. Kitts and Nevis. The project involves pairing a 35.6 MW solar PV farm with 44.2 MWh of lithium-ion battery storage. The project will provide SKELEC with about a third of the island's energy needs through a 20-year PPA. Source: Energy Storage [...]

The Caribbean Renewable Energy Forum (CREF) awarded its 2023 prize for "Best Microgrid" to Solar Island Energy and the Eastern Caribbean Central Bank (ECCB) for a project on the Caribbean Island of St. Kitts that was designed using HOMER Pro software. Key features of the microgrid include its design for resilience to tropical hurricanes and corrosion. ...

Basseterre, St. Kitts, December 10, 2020 (SKNIS): The official ground-breaking ceremony of the Basseterre Valley Solar and Storage Project for a 35-megawatt solar energy plant and the 45 megawatt-hour battery storage facility, was witnessed on Thursday, December 10, making the establishment of the largest solar plant in the Caribbean one step ...

The system will include a 35.7MW solar farm and a 14.8MW lithium-ion battery energy storage system (BESS) with a capacity of 45.5MWh, providing state-owned utility St Kitts Electric Company ...

Construction has begun on a solar-plus-storage project on the Caribbean island of St. Kitts & Nevis, backed by Leclanch&#233;, Solrid and MPC Energy Solutions. The launch of the SOLEC power plant is nearly 18 months later than expected with the start of construction first announced back in December 2020, covered by Energy-Storage.news.

Basseterre, St. Kitts -- The Government of St. Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have terminated the Renegotiated Power Purchase Agreement (PPA) with SOLEC Power Ltd (SOLEC) for the construction of a Solar PV and Battery Energy Storage Project. This decision follows the failure of SOLEC Power Ltd to meet [...]

Ground has been broken on the St Kitts microgrid while negotiations and developments continue with the Nevis Geothermal project. The St Kitts facility to be comprised of 37.5MW solar PV and a 14.8MW/45.7MWh lithium-ion battery energy storage system is a major development for the nation and a landmark for the region.

Grid-tied solar PV systems do not require battery storage, making them a cost-effective and efficient option for reducing electricity bills and decreasing the load on the central electricity generation system. This technology is particularly well-suited for St. Kitts and Nevis, where abundant sunlight provides ... Increasing residential solar ...

BASSETERRE, St. Kitts and Nevis; DALLAS and YVERDON LES BAINS, Switzerland, August 7, 2019 - The largest solar generation plus energy storage project ever to be built in the Caribbean has been announced by the Government of St. Kitts and Nevis, the state-owned St. Kitts Electric Company (SKELEC) and Leclanch&#233; SA (SIX: LECN), one of the ...
