

Panama eliminates the selective consumption tax of the import tax and other levies on equipment for the construction, operation and maintenance of power plants and/or solar installations with Law 417 of December 27, 2023. This was legalized and in force in the Official Gazette number No. 29938-A of December 27. Rosilena Lindo, National Secretary of [...]

A home solar energy system costs about \$13,400 after the 30% federal tax credit and typically saves around \$1,500 annually. The installation cost of solar panels and electricity bill savings depend on local electricity rates, the solar company you choose, how much sunlight your roof gets, and the rebates and tax incentives available near you. ...
