

Who provides electricity in Turks and Caicos?

Together, both companies provide electric power in Turks and Caicos to over 15,000 customers and are regarded as one of the most reliable electricity providers in the Caribbean. Fortis TCI offers customized energy audits to help customers achieve greater energy efficiency and savings.

Can Turks and Caicos use solar power?

The Turks and Caicos Government and Fortis TCI are currently reviewing the electricity legislation to enable Turks and Caicos residents to use the solar power they produce to offset their power consumption (rather than sell everything back to Fortis at their pre-agreed rate).

Who makes the best solar canopy?

Brooklyn Solar Canopy is one of the premier solar canopy manufacturers. Uniquely designed solar canopies for flat roof, solar carports, shade structures, and open areas. Q-Yachts is leading the innovation in the electric boating market. The Q-30 is the premiere product, featuring cruising speeds of up to 15kn and a range of up to 80 nM.

Home Sun, Moon & Space Eclipses Turks and Caicos Islands Providenciales Apr 8, 2024 April 8, 2024 -- Total Solar Eclipse -- Providenciales, Turks and Caicos Islands (Provo) Time/General

Fortis TCI, the energy provider in the Turks and Caicos Islands, is making significant strides in constructing the country's first utility-scale solar plus battery microgrid on its property in Kew, North Caicos. The project began last year and has reached a critical milestone, with installation of the solar PV system now underway.

We have designed a number of prepackaged solar systems which can remove any number of circuits within your home or business from the grid, we offer a supply only or a supply and installation service for these systems:
