

Mikel Pino is a chemical engineer, master in renewable energies and PhD into battery energy storage with more than 12 years fully devoted to energy storage and new energy businesses. He has participated in the whole value chain of BESS from new battery technologies R& D, up to business modelling, procurement and contracting.

He focuses on clean energy technologies in Europe, Middle East and Africa and has a particular interest in how energy storage integrates with other industries. He has recently published work on recycling, energy storage for EV charging, vehicle-to-grid technologies, second life batteries and the use of batteries in hydrogen production.

Join the "Solarplaza Summit Energy Storage The Netherlands" on 29 March 2022 in Amsterdam to connect with local & European players from both the energy storage field and the PV industry. Through interactive panel discussions, inspiring keynotes, and endless networking opportunities, this event will empower you to take charge of your ambitions in the Dutch RE ...

Join the Solarplaza Summit Energy Storage The Netherlands on 16 February in Amsterdam, the leading storage event in the Netherlands. You will connect with local & European players from both the energy storage field and the PV and ...

Join the Solarplaza Summit Energy Storage The Netherlands on 16 February in Amsterdam, the leading storage event in the Netherlands. You will connect with local & European players from both the energy storage field and the PV and wind industries. This event will empower you to take charge of and integrate your ambitions in the Dutch market.

Network at Solarplaza Summit for energy storage solutions in the Netherlands. Meet industry leaders in solar and renewables. ... After all it's our business to accelerate the sustainable energy transition. Necessary. Ensure that our website functions properly. They cannot be disabled.

He is responsible as segment leader energy storage EVs for business development in North Europe. He is also key account manager. He has more than 11 years of experience in energy storage projects, new services and business models in the energy market and has set up and coordinated several (inter-)national projects.

Focusing on Germany's pivotal role in the global energy transition, the Solarplaza Summit Energy Storage Germany 2023, on November 23 in Cologne, aims to explore the challenges and opportunities of integrating energy storage ...

Over the last 7 years Christoffer has focused on Solar and Energy storage as CEO of Soltech Energy

Solutions. Under his leadership the company has transformed from a 2meur technical consulting firm to a 60meur B2B Utility size Developer, EPC and O& M provider with approximately 100 employees working in Solar and Energy Storage.

At the 1st edition of the Solarplaza Summit Sweden & Energy Storage, you'll gain the critical knowledge and connections necessary to truly tap into the potential of the Swedish PV market. The country is attracting an inflow of project ...

Join our event Solarplaza Summit Energy Storage Germany! Get ahead of the curve and reconnect with the industry's top leaders. Don't miss this opportunity to gain valuable knowledge and stay ahead of the game. ... Christian Barba is the Director of Energy Storage Unit for Europe and LatAm in EDP Renewables and International Business Development ...

Erfahren Sie auf dem Solarplaza Summit Energy Storage Germany am 10. Dezember in K&#246;ln, wie gro&#223; angelegte Batteriespeichersysteme die deutsche Energielandschaft revolutionieren. Da Deutschland bis zum Jahr 2030 80 % seines Stromverbrauchs mit erneuerbaren Energien decken will, wird der gro&#223; angelegte Einsatz von Energiespeichersystemen ein ...

Bucharest, Romania - October 21, 2024 - As Romania pushes towards achieving 5 GW of energy storage by 2026 and 8 GW of renewable energy capacity by 2030, the Solarplaza Summit Romania PV & Storage 2025 will be the essential event to help RE professionals unlock the nation's solar and storage potential. Hosted at the JW Marriott ...

French sustainable investment manager Mirova on Tuesday said the Mirova Gigaton Fund has committed USD 20 million (EUR 18.5m) in long-term debt financing to Ghana-based commercial and industrial (C& I) solar company ...

Christian Folke (born 1 st July 1971), is an innovation manager at Uniper Energy Storage GmbH. He has a PhD in energy supply technologies and energy economics from the University of Essen, Germany, and has extensive experience in various fields of energy engineering, such as CHP (combined heat and power), CCS (carbon capture and storage ...

Are you ready to explore the cutting-edge of energy storage technologies and revolutionize energy management? The newly launched Solarplaza Summit Energy Storage North America is the place to be! This ...
