

Who is soltech energy?

Soltech Energy established in 2018 by a team of managers in Emilia Romagna, Italy's hub of the photovoltaic Business. Unlike other solar companies, we immediately oriented ourselves towards foreign markets. Today we sell in over 30 Countries, and have achieved double-digit sales growth year by year.

What's going on with soltech?

In terms of operations, a number of major projects were initiated in the Group in which large-scale tech solutions will be delivered to energy companies, property owners and other community builders. In the solar park area, Soltech has a growing portfolio with a potential exceeding 1,000 MWp.

What is soltech energy's new home heating system?

SolTech Energy, a Swedish company selling solutions for clean solar power, has developed a unique home heating system contained within roofing tiles made out of ordinary transparent glass. The attractive house-warming tiles (somewhat ironically) give roofs a beautiful, icy appearance quite unlike anything else we've ever seen before.

Where are soltech Energy AB subsidiaries located?

Our subsidiaries are located in Sweden, Spain and the Netherlands. Soltech Energy Sweden AB (publ), is listed on First North, Nasdaq Stockholm. The share is traded under the symbol "SOLT" and has about 78 000 shareholders.

How many countries does soltech sell in?

Today we sell in over 30 Countries, and have achieved double-digit sales growth year by year. The Soltech Energy headquarters are located in Carpi (Modena) Province in the Center north of Italy. We have additional sales offices in the ALBANIA, MOROCCO, PAKISTAN..
