Sunworx Solar is one of South Africa's leading suppliers of alternative green energy for homes and commercial step-ups. The company is renowned for its credible warranties that include solar panels (25-year warranty), solar plant mounting structure (20-year warranty) and solar inverters (5-year warranty).

That output is the equivalent of the annual consumption needs of around 38,000 South African households and it avoids the emission of over 111,000 tons of CO<sub>2</sub> into the atmosphere each year. Tom Burke was our first large-scale solar project and is the first plant in South Africa to use thin-film photovoltaic panels.
