

The inverter is the heart of the solar system, with many perishable components like capacitors. So why settle for cheap Chinese inverters when you can get the world number 1 inverter SMA who had been in business from 1981 and manufactures all its solar inverters 100% in Germany with the best quality electrical components which offer a warranty from 5 to 25 years.

Solar system price-Installing a solar system for a home is Rs. 25,000 if you already have a single inverter battery and Rs. 50,000 if you already have a double inverter battery. The three main types of solar systems are-On-grid solar system - also known as a grid-tie or grid-feed solar system
