About STI Norland. Founded in 1996 in Pamplona, Spain, STI Norland is a pioneer in Europe in both the development of fixed-tilt structures and trackers for utility-scale PV plants. The company's system was used in the world's first PV plant to deploy trackers in 2002. Since then, STI Norland's trackers have been used in more than 400 ...

The worst time to visit the Faroe Islands is the winter. The weather and daylight are the worst for exploring the archipelago. Winter in the Faroe Islands is a cold, windy time of the year. Keep in mind that the Faroe Islands are very far north, so it makes sense that the winters here are fairly intense.
