

How much solar energy is available in Guyana?

As of 2018, the total installed capacity for Solar PV in Guyana is 4.63 MW, with an estimated annual generation of 7.16 GWh. Solar energy is used for several purposes in Guyana, including drying agricultural produce, irrigation, ICT, and to improve electricity access in rural areas.

How many solar PV farms will Guyana have?

Guyana Power and Light Inc. (GPL) is preparing plans for three utility-scale solar PV farms totaling 30 MW for the national grid in the long term, as well as a 0.75 MW Solar PV Farm at Wakenaam and a 4 MW Solar PV Farm at Onverwagt in the near future.

Is Guyana a good place to install solar PV?

Most locations across Guyana have excellent solar insolation levels and are ideal for solar PV generation. As of 2018, the total installed capacity for Solar PV in Guyana is 4.63 MW, with an estimated annual generation of 7.16 GWh.

How many solar homes are distributed in Guyana?

The GEA supported the implementation of a massive electrification project to supply, deliver, and distribute 30,000 solar home energy systems to hinterland and riverine communities in Guyana. A total of 26,398 units were distributed as of December 2023.

Where is Guyana's second mega-scale solar farm located?

The Government of Guyana commissioned its second mega-scale solar farm, the 1.5 MW utility-scale solar PV plant at Bartica, Region Seven (Cuyuni-Mazaruni) in March 2023. At 22 off-grid locations, GEA installed over 163 kWp of solar PV capacity and 800 kWh of battery energy storage.

What does the Guyana Energy Agency do?

The Guyana Energy Agency continues to support national efforts in transforming the country's sustainable low-carbon pathway and the energy sector, as it contributes to providing cleaner, affordable energy access for all, as well as promoting energy efficiency and conservation practices.

We had our 22 panel 3 phase solar panel system installed by sunshine sola a year ago, the pre installation benefits of solar were explained in detail. the installation was very professional by a knowledgeable team. Any post ...

Very happy with our new Solar system. Sunshine Solar explained in detail what we needed, how solar works and how our electrical supplier worked with net metering. Sunshine was on time and completed the install quickly and timely. Our new system is producing excess power during the summer which will be credited in winter. Highly recommend ...
