São Tomé and Príncipe is one of the least visited countries in the world, making a Sao Tome Itinerary a rarity to come by. With a population of 230,000, only around 33,000 people visit each year. Off the coast of Gabon, this Portuguese-speaking island state is literally ripe with cacao, vanilla, and plantains, and brimming with fresh fish everywhere you go.

Furthermore, investing in solar technologies could take inspiration from Greece, where solar accounts for almost a quarter of their electricity generation. Such transitions are crucial to align São Tomé and Príncipe with global trends towards low-carbon futures, benefitting from reduced emissions and enhanced energy security.

150 km of solitude north of the matriarch São Tomé, the island of Príncipe rises from the deep Atlantic against an abrupt and volcanic mountain-covered jungle setting. Long enclosed in its sweeping tropical nature and a contained but moving Luso-colonial past, this small African island still houses more stories to tell than visitors to ...
