

The regulator's consultation 393 from 2022 outlines a specific mechanism dedicated to energy storage to be procured via auctions run by Terna, the TSO, he says. With the mechanism's rules approved, Terna will now consult with the industry, allowing stakeholders and operators to comment on the proposed new auction system.

Earlier this year Fluence supplied BESS technology to the first megawatt-scale project of its type in Lithuania. Image: Litgrid. Enel X, one of the winners of contracts tendered by Italy's transmission operator to provide fast response frequency reserve to the grid, has contracted Fluence to supply two battery energy storage system (BESS) solutions.

Italy is one of the most exciting grid-scale energy storage markets in Europe right now. Grid operator Terna has said it needs a pinch under 9GW/72GWh of new energy storage online by 2030 to integrate a growing ...

12-14 year fixed price long term contracts, indexed to inflation (similar to a tolling agreement) with Terna (system operator) as counterparty (very strong credit rating) 71 GWh (12-15GW) of Terna storage tenders targeted by 2030. First auctions are scheduled for December 2024, with the first capacity delivery year for BESS likely to be 2027.

ANIE said that 20,832 DER BESS units - Elettrochimico Distribuito in Italian - were installed from January through March, totalling 123MW/264MWh. That brings the total installed power and capacity of DER BESS units in the country to 527MW/977MWh. Plus grid operator Terna's own BESS units totalling 60MW/250MWh, Italy has a total of ...

Terna added that the average power rating of the 71GWh will need to be one-eighth of the energy storage capacity, meaning a total power rating of the new energy storage capacity of 8.875GW. ... (BESS) for EDF Group's three-project Oasis 1 portfolio in South Africa. Montenegro utility EPCG to launch 300MWh BESS procurement imminently.

Terna's plan to tender for 71 GWh (12-15GW) of storage by 2030 under MACSE; How MACSE mechanism works & its impact on BESS investment cases; Building a viable BESS investment case & enhancing returns with a merchant tranche; Financing, IRR and market access considerations; Key investment case risks & pitfalls

Southern regions and the islands offering higher energy arbitrage opportunities due to favourable RES build-out and local

The long-term contracts - 12-14 years - will be interesting from a project financing perspective, said Luca Manzella, VP Sales EMEA for Energy Vault, a company known for its gravity-based energy storage solution which has also moved into short-duration BESS and green hydrogen. "It will also be interesting for long-duration energy storage ...

Area: &#232; una porzione della rete rilevante rispetto alla quale Terna definisce il quantitativo minimo e il quantitativo massimo del contingente da assegnare ai SdS ivi localizzati; c. Assegnatario: &#232; il soggetto che, in esito alla partecipazione ad una Procedura concorsuale del MACSE, &#232; assegnatario di un impegno di capacit&#224; relativo ad

How to frame BESS investment cases & MACSE bidding strategies. Terna storage demand underpinned by new policy release. On 1 st October 2024, the Italian TSOs Terna and Snam jointly published a new ...

The new market rules will allow grid operator Terna to run large-scale energy storage auctions. Terna will now run a consultation with the industry on the proposed new auction system and the first auctions should take place in late 2023/early 2024, two developers interviewed for a special feature in PV Tech Power (Vol.35) (Premium access) recently told ...

Also approved by the regulator, although unlikely to be going for the auction process, is an 8.6-hour, 680MW/5,872 MWh pumped hydro energy storage project by Italy-based utility Terna. The project has been split into two separate applications of 220MW/1,872MWh and 460MW/4,000MWh.

Nidec ASI's notable and increasing track record includes similar projects completed for the French Islands--including La R&#233;union, Corsica, and French Guiana--as well as for Italy's Terna and Enel Green Power overseas, with the construction of a smart micro grid in Chile.
