TerraPower has signed a term sheet with ASP Isotopes for the construction of a uranium enrichment facility in South Africa and a supply agreement for fuel delivery for the Natrium<sup>174</sup>; reactor 1. Bellevue, WA - ...

The company began commercializing nuclear reactors in 1955. Fuel for nuclear power plants has been manufactured at the Wilmington site since 1969. Today, in addition to fuel engineering and manufacturing, the site hosts training for field services professionals who support refueling and maintenance outages at nuclear power plants worldwide.

Terra Solutions provides its clients the full spectrum of services to realize a successful transition to state-of-the-art Industrial Internet of Things (IIoT) operations - from initial discussions and consultation to understand a client's unique pain points and requirements, to solution design, systems integration, deployment and, finally, comprehensive support.

TerraPower has signed a term sheet with ASP Isotopes for the construction of a uranium enrichment facility in South Africa and a supply agreement for fuel delivery for the Natrium<sup>174</sup>; reactor 1. Bellevue, WA - October 30, 2024 - TerraPower, a leading advanced nuclear energy developer, today announced it has executed a term sheet with ASP Isotopes Inc. to ...

Levesque leads this nuclear innovation company in the pursuit of next-generation nuclear energy solutions and oversees TerraPower's new venture into therapeutic medical isotopes. His proven track record in scoping, planning and implementing complex projects began with his service in the U.S. Nuclear Navy and features more than 30 years of ...

The Natrium plant is a step forward for nuclear, providing an unprecedented ability to respond to power needs and balance the grid. Our first Natrium plant is currently being built in Wyoming. ...
