Site layout for the Fort Duncan BESS. Image: Recurrent Energy . Recurrent Energy is seeking a loan from financial institution North American Development Bank (NADBank) to fund the construction of a 100MW/200MWh standalone battery storage facility located in Maverick County, Texas.

Engineering, procurement and construction (EPC) services were provided by Mortensen while inverter and BESS company Sungrow supplied the 134 BESS containers comprising the project as well as 45 power conversion system (PCS) units. Spearmin said the project was brought online on schedule, on-budget and with zero accidents or injuries.

Upon completion, the Crowned Heron 1 and 2 and Cartwheel BESS projects will provide essential energy storage capacity that will enhance the stability and resilience of the Electric Reliability Council of Texas grid. RWE's latest projects increase its construction portfolio to 931MW across Texas, California, and Arizona.

The issue of ensuring reliability of BESS resources in the Texas electricity market has not gone away for grid operator ERCOT, despite the state regulator's recent quashing of proposed minimum state-of-charge (SOC) rules. As reported by Energy-Storage.news in January this year, the Public Utility Commission of Texas (PUCT) ordered ERCOT to ...
