????????????? (?????????????????????Heard Island and McDonald Islands ??:HIMI) ?????????????????? 1947????????????????? 1997?????????????????(????)?????????

The two small triangles are the McDonald Islands, mostly small rock islands and not nearly as impressive as Heard. I know that they probably are not as green as on the flag, but I simply didn't want to have grey on there. Lastly there's the southern cross from the Australian flag, following the lead of Christmas Island and the Cocos Islands.

Heard Island and McDonald Islands are located in the Southern Ocean, approximately 1,700 km from the Antarctic continent and 4,100 km south-west of Perth. As the only volcanically active subantarctic islands they "open a window into the earth", ...
