

Who is SEC Battery Company?

SEC Battery Company is supercharging energy storage! What do you need the solution for? SEC partners are not restricted to one chemistry or application. We supply everything you need from Lead-Acid and Lithium-Ion industrial batteries, to the latest solar modules.

What types of batteries does SEC manufacture?

SEC manufactures reliable AGM batteries that will exceed all your desired performance standards. As expert battery manufacturers, SEC offers cutting-edge, deep-cycle, VRLA, AGM and Gel battery technology. We also have Lithium, Lead Acid and Ni-Cad batteries to meet the large-scale, specialist needs of industrial power users.

Who is SEC energy storage?

SEC Energy Storage has been built with hundreds of years of combined experience in the energy industry. Today this foundation means we're ahead of the game as the industrial battery market matures. All of SEC's energy storage solutions are designed and developed in-house, using SEC's legacy technical blueprints.

Why did SEC become a global agent for GNB batteries?

In another recognition of market expertise, SEC were appointed as the worldwide agent for GNB Batteries. The SEC Hong Kong office opened to run logistics and shipping from China. SEC needed to service a growing world-wide demand. The ascension continued as SEC won several major contracts in the marine navigation sector.

Why did SEC reopen a battery factory?

The SEC factory remained open long after many other factory closures prevented battery production. Despite the crisis in China, SEC European sales soared to record levels. The company began to navigate extremely tough trading conditions caused by the industrial crisis.

Is SEC a good battery company?

In 2016, the SEC group reported a staggering seven-times, year on year growth achievement and became the first battery company in the world to achieve the ISO9001: 2015 mark of quality. Quality standards demand that every SEC product is designed from scratch, integrating cutting edge technology with the best raw materials.

The Microlyte MRT AGM battery is a premium product in the mainstream VRLA monobloc market. High tin plates mean a long float life product with a renowned cycling ability. Add in great high rate performance and you have a product that consistently outperforms all the competition.

Weekly data: the top ten countries for investment in new lithium-ion battery projects. GlobalData analysis reveals that the US is catching up with China when it comes to investment in the lithium-ion battery project pipeline.

Partner with SEC. SEC is a leader in the telecom, marine, industrial standby and UPS markets as well as the renewable energy and solar sector. Yes, the market change has prompted us to enhance our renewables product offering, but we ...

Connect with our global industrial battery network. Our industrial battery partners receive a wide range of benefits, training, certifications and rewards. Collaboration is a growth catalyst like no other, so let us show you what's possible with a program that meets your needs.

From Government, right down to community and industrial partners. Further to this, SEC sources materials, manufacturing and assembly services in multiple countries. Managing our finances in a time of explosive growth will provide the right applicant an exciting challenge and the opportunity to be onboard with a respected industry leader in a ...

At SEC Industrial battery company we recommend that you choose energy storage products which are specific to the application you're powering. Yes, golf cart batteries are durable but... Golf cart batteries are being touted in the media as extremely versatile and even suitable for powering off-grid homes and cabins.

Our MICROLYTE Lithium-Ion battery series packs maximum power into a small package using a new patented nano-technology. SEC's Nickel Cadmium batteries use an innovative plate design for a combination of extreme reliability in harsh conditions, low-maintenance, and long life. View our entire airport battery range by clicking below.

The SEC Partner Grid could be your gateway to success. Our program will help you to dominate the UPS market by connecting you with sales leads to supercharge your business. Then we'll throw in volume discounts, rewards, ready-made systems and a support network to help ensure growth in both market share and profitability.

The SEC Cellyte TLAM series of VRLA AGM single cells is a premium range featuring heavy duty lead calcium plates. The long float life and excellent cycling make it the market leading range for all large capacity standby installations.

At SEC Industrial battery company we recommend that you choose energy storage products which are specific to the application you're powering. Yes, golf cart batteries are durable but... Golf cart batteries are being touted in the ...

Lithium-ion Battery Market was valued at USD 51.57 billion in 2023. The market is projected to reach USD

248.66 billion by 2031, growing at a CAGR of 21.74% from 2024 to 2031. The

SEC makes all-condition batteries for exploration, extraction, and refinement. Constantly innovating, we strive to minimise maintenance requirements, improve ruggedness and widen the temperature operation range of our deep-cycle, AGM, VRLA, flooded, Ni-Cd and Gel batteries.

While they haven't done so yet, the purchase of low-carbon battery storage being approved for the first time speaks to a measure of commitment that will relieve many in the industry. At SEC we know the benefits of energy storage go beyond the environment.

Energy Storage: It's The New Black For A Reason. With technology progressing every day, society is on the cusp of huge change. SEC is the battery company on the frontline, fuelling discussions, educating suppliers and providing facts and figures to ...

The SEC Cellyte TSG series of VRLA Gel monoblocs builds on the Cellyte TUA platform utilising the same classic construction but incorporating both pure lead tin positive grids and true thixotropic gelled electrolyte to improve cycling capability.

Plug into the SEC Partner Grid . If you're in the rail industry, partnership with SEC could be your gateway to success. The SEC Partner Grid will connect you with leads to supercharge your business. Then we'll throw in volume discounts, rewards, ready-made systems and a support network to help ensure growth in market share and profitability
