

Could South Sudan get a \$13 billion loan from United Arab Emirates?

UNITED NATIONS (AP) -- U.N. experts say South Sudan is close to securing a \$13 billion loan from a company in the United Arab Emirates, despite the oil-rich country's difficulties in managing debts backed by its oil reserves.

Are South Sudan's oil wells fully operational?

He also said oil wells, which were water-logged by heavy floods during the past rainy season, weren't yet fully operational. The section on oil in the experts report said documents for the loan from the UAE company, signed between December and February by South Sudan's minister of finance, indicate the loan is split into tranches.

Will Hamad bin Khalifa be South Sudan's largest oil-backed loan?

The panel of experts said in a report to the U.N. Security Council that loan documents it has seen indicate the deal with the company, Hamad Bin Khalifa Department of Projects, would be South Sudan's largest-ever oil-backed loan.

What is South Sudan's infrastructure loan agreement?

The loan agreement, signed between December and February by South Sudan's finance minister, earmarks about 70 percent of the funds for infrastructure projects, with an initial payment exceeding USD 5 billion. After a three-year grace period, the loan will be repaid through crude oil deliveries for up to 17 years.

How much fuel does South Sudan produce a day?

South Sudan is under pressure from the United States and other nations to more quickly implement the 2018 peace deal that ended the civil war and prepare for elections. According to the U.S. Energy Information Administration's latest update, South Sudan produced an average of about 149,000 barrels of liquid fuels per day in 2023.

Will South Sudan's largest oil-backed loan monopolize its revenue?

This deal, outlined in loan documents reviewed by the experts, would be South Sudan's largest-ever oil-backed loan. Servicing the loan could monopolize South Sudan's revenue for many years, dependent on oil prices.
