

What is the Solar Energy Association of Ukraine?

The Solar Energy Association of Ukraine fosters the development of solar energy in Ukraine by uniting the solar market, facilitating the exchange of experiences, and consolidating the efforts, ideas, and interests of all participants within the solar community.

Is solar energy gaining traction in Ukraine?

Solar energy in Ukraine is gaining traction. With one of the largest solar energy companies in the country aiming to deliver 1 Gigawatt of solar and wind energy by 2030, there is a huge spike in demand. Ukraine has a range of incentives designed to encourage investment in solar power facilities.

What is the future of green energy in Ukraine?

In 2020, Ukrainian green energy stations (wind & solar) produced 2x more electricity than in the year before. Right now, the sun's power gives Ukraine around 6% of the whole energy produced here. This becomes trendy, as the share goes up & up every year.

Is Ukraine a good place to invest in solar power?

Ukraine has a range of incentives designed to encourage investment in solar power facilities. Since the country is one of the top locations for solar panel installation, this market holds a great deal of potential for any developer looking to enter the industry. Gudzovka has a peak capacity of 24.3 MW, which is enough to power around 23,000 homes.

Chris and David founded Golden Sun Electric in 2013, to pursue our vision: high quality, low overhead solar installations. (Also, to have a good time doing it) We really like this stuff! We are strong solar advocates and firmly believe that clean and safe solar energy will play a significant role in the world's energy future.

Golden Solar was interested in doing the job and charged us a fair price. My husband and I are so pleased that we give this company a 12 on a 1-10 scale. The Golden Solar crew worked hard, very carefully, and cooperatively. They were super efficient at taking down the panels and having everything in order, down to the last bolt and nut.

Specialties: Solar Contractor, Solar Installation Established in 2013. Golden Sun Electric was founded in 2013, to pursue our vision: high quality, low overhead solar installations.
