

How does Wallis & Futuna generate income?

Wallis and Futuna earns little revenue from exports and most of its fish is taken in sheltered areas within the fringing reef, with little fishing in the open sea. Revenues come from various sources.

What is the economic base of Wallis and Futuna?

Wallis and Futuna's economy is primarily based on subsistence agriculture (mainly coconuts and vegetables, also breadfruit, bananas, yams, taro), livestock (pigs), French Government subsidies, commercial fishing (also licensing of rights to Japan and South Korea), and light industries like copra (coconut's dried meat), handicrafts, lumber, and chemicals.

Will solar & wind cost reduce by 2025?

The report, "The Power to Change: Solar and Wind Cost Reduction Potential to 2025," believes that average PV electricity costs could decrease 59% by 2025, compared to cost reductions with offshore wind of 35% and onshore wind reductions of 26%.
