The Wernick Group of companies has a proud legacy stretching back to 1934, growing from a humble maker of poultry crates to becoming Britain's largest family-owned provider of portable and modular buildings, and off-grid power solutions.

Wernick Power, one of the newest companies under the Wernick Group umbrella, is a National provider of temporary power generation solutions, with the core aim of keeping our customers switched on and running at all times. The Group, established since 1934, continue to be a family run and owned company who have more than doubled their profits in the last 5 years.

Erica can pro-actively switch off the power at the appropriate times and can easily be set up on-site or remotely via web access. This plug-and-play solution can be set up by Erica's support team. You can connect easily via a phone or tablet and pre-set your power controls and profiles - all while calculating your energy usage.
