

Who is Go Solar?

Go Solar was incorporated in the Year 2003 under the Company's Act Cap 486 of the Laws of Kenya with a focus on Solar Energy solutions. We are at the forefront of solar energy development in Kenya, helping the country lead the way in developing renewable energy sources and increasing our energy independence.

How does a solar water heater work in Kenya?

In Kenya, a Solar Water Heater saves you 70 percent on your annual hot water bills. It does not connect to the public utility grid like Grid-tie systems, but instead heats water using solar energy. We supply and install solar water heaters in Kenya.

Can solar panels light up a rural area in Kenya?

Solar panels can provide light to a rural area in Kenya, as shown by the sparkling array of solar panels on the roof of Mihingoni Primary School, which is visible from a mile away. Kenya's demand for affordable and clean energy has led solar power companies to focus on lighting up rural and low-income areas.
