When connected to a KVM switch, the LRA line enables easy access to multiple servers making software upgrades, troubleshooting, system monitoring, convenient, less time-consuming and protecting uptime. Compatible with all Vertiv Avocent data center KVM switches, it includes a widescreen LCD console tray, full desktop-style keyboard with touchpad.

Typically, temperatures will run up in racks farthest from the cool-air source - and, more often than not, those racks are positioned highest in the cabinet. Increasingly, that means deploying ToR network switches, which have become a regular presence in the data center, despite being a luxury just a few years ago.

Telecom and Railway applications require sophisticated electronics in outdoor setups. nVent SCHROFF Outdoor cabinets shield such electronic components from extreme weather, vandalism and thereby ensuring operational continuity.
